

# Wild Ouseburn

## Wildlife Recording Form

Name:

Contact details:

*(Optional, to help verify record)*

### How to use this form

Please use this form to record your wildlife sightings in the Wild Ouseburn project area (map overleaf). We welcome records for everything, from plants and invertebrates to birds and mammals and beyond!

- Record the species seen, date and time, number (if possible) and location.
- A grid reference for location is great, but if not please add the nearest land mark and description e.g. on the burn behind the Ouseburn Farm.
- Add any additional notes, for example interesting behaviours such as feeding young or other observations.
- **Please return your forms to Wild Intrinsic via email at [wildouseburn@wildintrinsic.co.uk](mailto:wildouseburn@wildintrinsic.co.uk) or at your nearest Wild Ouseburn hub. Thank you!**
